**Manjula  
Sriram**

non-incumbent

Manjula and her husband Nathan live with their 9-year-old twin boys and have been part of the Pleasant Hill community since 2005.

- ⇒ *The recent bond referendum indicates the voters need to re-establish faith in the school board's ability to make decisions in the best interest of the children, families and other residents of the community.*
- ⇒ *We the voters need to see that the Board represents fiscal responsibility and accountability by reviewing how and why they are spending our money.*
- ⇒ *The District should be about the CHILDREN. We are laying the foundation for their futures now - We need more focus on continually improving the curriculum, particularly in Science, Writing and Math.*

Line #3 on the ballot...

[www.scottherr.org](http://www.scottherr.org)

**Scott  
Herr**

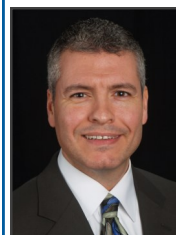

non-incumbent

Scott and his wife Yvonne have two children who attended District 15 schools from K-8 and now attend Palatine High School.

- ⇒ *One key issue is improving education results for all District 15 students. Although the District and its teachers overall provide a very good education, like any organization, significant improvements can be made.*
- ⇒ *Another key issue is fiscal responsibility. For most residents, over 60% of their property taxes can be attributed to District 15 and District 211. School boards recommending additional debt or an increase in taxes have an obligation to make a clear case to the community.*
- ⇒ *The Illinois Association of School Boards (IASB) notes one fundamental duty of the Board is to "engage in an ongoing two-way conversation with the entire community."*

Line #5 on the ballot...

[www.iannuzzelli.com](http://www.iannuzzelli.com)

**Gerard  
Iannuzzelli**

non-incumbent

Gerard and his wife Jennifer have been married for eleven years and have three children who attend Paddock school.

- ⇒ *We need to feel comfortable that the decisions made by the Board are transparent and fiscally responsible and we must eliminate deficit spending.*
- ⇒ *Invoke policies that show accountability for the parents, educators, and administrators while allowing easy access to special programs for children who need the extra help.*
- ⇒ *Promote initiatives that educate our children on safety including drugs and alcohol, as well as other issues including gang violence.*
